Annexure No. 6

Subharti Medical College

Recognized by Govt. of India, Ministry of Health & Family Welfare, Govt. Letter No. U.12012/69/96-ME(P)
Website: medical.subharti.org, e-mail: medical@subharti.org, Ph.: 0121-3055000 (Extn: 2118), Telefax: 0121-2439127, 2439067
A constituent college of
SWAMI VIVEKANAND SUBHARTI UNIVERSITY
(Established under U.P. Govt. Act no. 29 of 2008 and approved under section 2(f) of UGC Act 1956)

No: SMC/G/M-104/9588 **Date: 29.10.2026**

To,

The Director General Medical Education,
U.P., Lucknow.

Subject: Regarding Fixation of fee for the Post Graduate courses and payment of stipend.

Respected Sir/Madam,

"(Subharti Medical College has been declared as a Minority Institution by the NCMEI, and therefore, has the privilege to decide its own fee structure. However, the State Government presently treats it as a Non-Minority Medical College. Without entering into this controversy, and without prejudice to our rights as a Minority Institution, we are submitting this representation for your kind consideration.)"

In reference to the captioned subject, it is respectfully submitted that the Finance Advisor of Swami Vivekanand Subharti University has advised us to request you to kindly review the decision regarding fee fixation for the Postgraduate (PG) courses of Subharti Medical College, as notified vide your office letter dated 25.07.2025.

We submit the following points for your kind review:

1. Subharti Medical College submitted its proposal, along with all financial documents, proposing to charge Rs. 25,70,000/- for academic year 2026-27 (for clinical PG courses), to maintain a no-profit-no-loss position.
2. Last year, your esteemed office had issued a letter dated 25.07.2025, fixing the fee as Rs. 14,43,744/- for the academic year 2025–26 against the proposed Rs. 25,50,000/- **Annexure No. 1**.
3. The fee for PG courses was nearly equivalent to the stipend payable to PG students as per the applicable notifications. This leaves the institution with no margin to meet other essential academic and operational expenses.
4. As per NMC and State Government notifications, private Medical Colleges are required to pay stipend to PG Residents equal to that paid by the State Government. Presently, the State Government approximately pays about Rs. 1,20,000/- per month, amounting to

approximately Rs. 14,40,000/- per year, which is subject to annual upgradation.

5. An apparent disparity was also evident when comparing the PG fee at Subharti Medical College with that of other institutions. For example, the PG fee at Subharti Medical College was fixed at Rs. 14,43,744/-, whereas at Shri Ram Murti Institute of Medical Sciences, Bareilly (a comparable institution), it was fixed at Rs. 25,09,957/-. A comparison with other Minority Medical Colleges further highlights the wide gap in PG fee structures. A comparative chart is enclosed as **Annexure No. 2 & 3**.
6. Last year, while the UG fee was marginally increased to partly cover certain losses, no corresponding increase was allowed for Postgraduate (PG) courses.
7. These comparisons demonstrate a substantial disparity, which, prima facie, indicates that an anomaly may have occurred in the fixing of the PG fee for Subharti Medical College.
8. If the fee notified vide your letter dated 25.07.2025 is maintained, while simultaneously requiring compliance with NMC and State Government stipend directions, Subharti Medical College will not be able to sustain its operations.
9. **The Finance Advisor has therefore indicated that unless the PG clinical course fee is suitably revised by your office this year, i.e. 2026-27, the College will not be in a position to pay stipends to PG Residents this year also.**
10. In that case, Subharti Medical College may be left with no option but to adopt measures similar to those followed by the State Government, such as requiring Residents to execute a bond to serve the institution for a fixed period after completion of their course, to sustain operations.

In light of the above facts, it is most humbly requested that the fee for Postgraduate courses in the branches at Subharti Medical College may kindly be revised and brought on par with other non-minority medical colleges, to ensure financial viability and maintain quality medical education. Please revert if you have any query.

We shall remain ever grateful for your sympathetic and early consideration of this request.

With highest regards,

29/Oct/26

(Dr. Dinesh Kumar)
Offg. Principal
